Work experience

📅 06/2023 – PRESENT
Frontend Developer
IT Consultant
✔ Developed complex crypto admin dashboard, connected to a backend server via websockets. Worked closely with the product owners to improve app's UI/UX.
✔ Crafted custom design project using Next.js with Next Auth for JWT-based authorization, ensuring top-tier security to meet product requirements.
✔ Used Docker and Postman in collaboration with the backend team to ensure seamless integration and optimal performance.

📅 11/2022 – 07/2023
Junior Frontend Developer
The Odin Project
✔ Pursued full-stack development expertise, starting with JavaScript, HTML, CSS, and responsive design principles.
✔ Completed 20+ projects ranging from basic websites to complex full-stack applications.
✔ Secured 2nd place in TOP's project ranking, showcasing web development proficiency.

📅 10/2022 – 12/2022
Junior Software Developer
Algo Expert
✔ Mastered programming basics and more advanced topics like object-oriented programming.
✔ Learned how to use version control (Git)
✔ Developed several projects including a blackjack game, an async point-of-sale system, and a contact list app.

## Education

📅 09/2008 – 09/2013   📍 BUCHAREST, ROMANIA
Information Systems Management | Master's Degree
University of Economic Studies

Achievements

- Transitioned, from a 10 years poker career and a 6 years poker coach career, to a skilled software developer in less than 2 years.
- Was rank #1 in profits in my country in Heads Up (the poker variant I specialized in) for years 2020 and 2021.
- As a poker coach, I helped over 30 poker students level up their skills and results.
- Lead the development of two production ready projects for a private client.
- Earned 2nd place in The Odin Project's best project ranking.
- Worked with product owners to improve product flow.
